

Serials and Reg Key Heaven

THOUSANDS OF THE LATEST
Serials, Keys and Reg Key Generators (Key Gens)
developed by the world's top crackers! Reverse-
Engineering has never been more popular and now
you hold the biggest and best collection of its kind.

MORE CRACKING/HACKING

than any other CD! Not just another "key gen" CD,
this is the grand daddy of them all. Includes two of
the most popular and most extensive reg key data-
bases direct from the underground! If you buy
one cracking CD this year, make it this one!

OVER 640 MB

of cracking code is loaded on this
disc and ready to go!

UPDATED FOR 2002

WARNING! This CD-ROM is for informational purposes only. The primary intent of this CD-ROM is to provide the user with hard-to-find content relevant to Computer Programming as it relates to software protection methods & their intrinsic flaws by demonstrating reverse-engineering methods and techniques used by hackers to circumvent them. While possession of information/programs included on this CD-ROM violates no laws, actually using or implementing some of the programs or content on this CD-ROM may violate laws. For this reason the user is instructed NOT TO USE ANY OF THE PROGRAMS OR CONTENT ON THIS CD-ROM WHICH MAY VIOLATE THE COPYRIGHTS OF OTHERS. None of the content on this CD-ROM that relates to "hacking", "cracking" or reverse engineering was created by the publisher. Neither the publisher, its' owners, employees, distributors, vendors, resellers or any of their agents will assume liability for the actions of any end user who violates any law as a result of applying knowledge or executing a program from this product. WE URGE EVERYONE TO ACT RESPONSIBLY.

REQUIREMENTS: Windows OS (95/98/NT/ME/2000/XP) 16MB RAM, Mouse, CD-ROM Drive,
16-bit color or better recommended.
